GPO Curmin Cream

Gently moisturizes and prevents signs of premature aging

1

Packing: 15 gm and 50 gm

- Clinically tested to increase skin moisture up to 40 % with remaining effect over 7 hours.
- THC possesses a superior anti-oxidative property in fighting against free radicals

Main Ingredients: Natural THC Extract, dl- α -tocopherol, D-panthenol, Glycerin, H₂O

Direction: Gently apply GPO Curmin Cream over clean facial skin twice daily, in the morning and evening. For optimal efficacy in fighting against free radicals, use together with GPO Curmin Mild Cleansing Gel and GPO Curmin Hydrating Toner.

Storage: Keep in cool place, protected from light.

2

GPO Curmin Mild Cleansing Gel

Non-ionic pH 5.5

An extra mild cleansing formula for gentle skin care

A clear and purified non-ionic gentle cleansing formula enables the most balanced skin texture with pH 5.5 which helps prevent dryness and leaves a supple feeling. It has been dermatologically proven not to cause irritation and is suitable for sensitive skin. An implementation of nanotechnology, combining THC from turmeric root (*Curcuma longa* Linn.) and cleansing agent into invisible micelle, encourages the most remarkable cleansing efficacy whilst scavenging free radicals to prevent premature skin aging.

Main ingredients: THC, Vitamin E, Glycerin, D-Panthenol

Direction: Mix a small amount of gel with slight water on palm and gently apply onto face and rinse off thoroughly with water. For optimal efficacy in fighting against free radicals, use together with GPO Curmin Hydrating Toner and GPO Curmin Cream.

Storage : Keep in cool place, protected from light.

Packing: 100 gm

GPO Curmin Hydrating Toner

Alcohol-free pH 5.5

3

Drenches and clarifies your skin for optimal nourishment

A clear, purified, and alcohol-free toner restores balanced skin texture with pH 5.5 for an enhanced look and feel. It has been dermatologically proven not to cause irritation and is suitable for sensitive skin. With nanotechnology and THC liposome from turmeric root (*Curcuma longa* Linn.), the toner effectively fights against free radicals whilst gently sweeping away remaining impurities with superb moisturizing effect leaving a soft, velvety touch and preventing premature skin aging.

Main ingredients: THC, D-Panthenol, Glycerin

Direction: After facial wash, apply drops of the toner onto cotton pad and sweep gently over face and neck. For optimal efficacy in fighting against free radicals, use together with GPO Curmin Mild Cleansing Gel and GPO Curmin Cream.

Storage: Keep in cool place, protected from light.

Packing: 100 ml

GPO Curmin Flash Result Eye Gel

Reduces fine lines, wrinkles and dark circle around the eyes

With innovation of THC liposome, a 100 nanometer-sized particle impressively delivers Tetrahydrocurcuminoid (THC) underneath the skin. Blended with 4 intensive natural substances and humectants, this luxurious gel reduces puffiness and dark circle around the eyes while visibly improving fine lines and enhancing skin's moisture retention and elasticity.

Prove the result to yourself after 1-month trial

4

Packing: 15 gm

Before

After

THC Liposome possesses ultimate antioxidant property higher than Vitamin E. It revitalizes delicate skin cells and refines lines for a better smooth and radiant texture.

Licorice Extract helps replenish skin around the eyes for a shining and even complexion.

Centella Asiatica Extract helps improve skin elasticity and resilience.

Aloe Vera Gel drenches skin with moisture whilst protecting it from irritation.

* Clinically tested to reduce wrinkles around the eyes in Thai women age between 40 - 58 years.

Main ingredients: THC Liposome, Licorice Extract, Centella Asiatica Extract, Aloe Vera Gel

Direction: Gently apply a small amount around eye area twice daily, in the morning and evening.

Storage : Keep in cool place, protected from light.

GPO Curmin Age Reversal Body Lotion

An absolute resolution for healthy skin care

5

A smooth, lightweight and non-greasy texture helps calm and soothe your skin even in hot weather. THC Liposome innovation enhances quick absorption and free radical scavenging activity to prevent skin aging. The lotion helps regain skin suppleness and moisture balance upon the first use leaving skin perfectly smooth & conditioned.

Over 90 % of users were satisfied with the product efficacy

* Efficacy and Satisfaction studies were conducted in healthy Thai women volunteers.

Main ingredients : THC Liposome, Tocopherol, D-Panthenol

Direction: Apply generously over the entire body as needed.

Storage : Keep in cool place, protected from light.

Packing: 200 gm and 500 gm

6

GPO Curmin Natural Sunscreen

(SPF 30 PA+++)

A Natural Sunscreen to help shielding your beautiful skin

A non-greasy, non-comedogenic, lightweight, liquid base texture gives you a smooth delicate touch whilst effectively protects your skin against UVA and UVB destruction with SPF 30 PA+++ . The water-resistant formula is skin friendly with natural sunscreen substance and has been dermatologically proven not to cause irritation making it suitable for all skin types.

Main ingredients : Micronized Zinc Oxide, Micronized Titanium Dioxide, Tetrahydrocurcuminoids, Tocopherol, *Cassia Alata* Extract, Aloe Barbadensis Leaf Extract

Direction : Shake well and gently apply GPO Curmin Natural Sunscreen over face and neck once daily in the morning after GPO Curmin skin care steps or before sun exposure.

Storage : Keep in cool place, protected from light

Packing: 30 gm
